

## Six Ways to be Involved in Missions

1. **GO:** Take a Vision Trip
  2. **SERVE:** Send Ministry Teams
  3. **PRAY:** Engage in Prayer
  4. **GIVE:** Provide Financial Support
  5. **TRANSFORM:** Develop a Sister Church Relationship
  6. **FOCUS:** Send Specialty Teams (medical, agriculture, construction, etc.)
- 

### 1. **GO: Take a Vision Trip**

- Four-day eyewitness trip to Honduras (for example: Monday-Thursday)
- Catch the vision of holistic ministry with Heart to Honduras
- Meet pastors, students, staff and other ministry servants
- Discover ministry opportunities with HTH

### 2. **SERVE: Send Ministry Teams**

- Connect with the Body of Christ in impoverished areas
- Learn, pray, worship, serve, grow together as a team and with believers from Central America
- Enrich the lives of those who go with a greater understanding of the work of Christ in the world and how they can participate in what God is doing
- Develop compassion and a passion in the hearts of the people as they put names and faces on "third-world poverty"

### 3. **PRAY: Engage in Prayer**

- Receive regular prayer requests and updates from Heart to Honduras (email [prayer@hth.org](mailto:prayer@hth.org) and request to be a prayer partner)
- Pray for international ministry leaders
- Encourage small groups to regularly pray for the work of Christ in Honduras and other countries
- Pray specifically during worship services for the needs and opportunities of believers in Honduras and other countries

### 4. **GIVE: Provide Financial Support**

- Make monthly support of mission ministries like Heart to Honduras a priority
- Give to support general funds of mission organizations
- Give to support specific projects like: \$150/month to support a pastor/church planter or a School of Discipleship student
- Encourage your congregation to give regularly towards missions

### 5. **TRANSFORM: Develop a Sister Church Relationship**

- Develop a long-term relationship/partnership with a church in Central America

- Move into a deeper mission involvement through repeated visits with your sister church and community
- Pray for and expect transformation of both your sister church community and those from the US who work with them
- Invite the Sister Church pastor/spouse to visit and speak at your church

6. **FOCUS: Send Specialty Teams (medical, agriculture, construction, etc)**

- Engage believers with specialty training for mission service—many will respond if given the opportunity to use their skills and experience...in areas such as:

Healthcare, Engineering/architect/construction, Teaching, Agriculture/gardening, Sewing/culinary, Children's ministry, Prayer, Children & youth camp, Business/finance (micro-enterprise)

*The list goes on...and on!*

- Release leaders who have a call to lead such teams—**not all areas require teams**
- Recruit community members to fill out the specialty team(s)
- Send the teams to serve and train others with the goal for sustainable ministries

***If you help the poor, you are lending to the LORD—and he will repay you!***

Proverbs 19:17
