Family Camp

Lake Yure | Santa Elena, Honduras

Accommodations

Once completed the Family Cabins will be a private oasis where your family can spend time together and relax. Each cabin has:

- 2 bedrooms (can sleep 6)
- Bathroom w/ shower & toilet
- Screened porch
- Living area

Activities

Swimming, hiking (orienteering), small groups, basketball, soccer, work project, family building & bonding, ropes course, worship services, fishing, bean bag games, snorkeling, singing & more!

God bless your family!

A life changing week of learning to trust God, hanging with your family, adventure & tons of fun!

Taking a family on a vacation can be a wonderful time of bonding and fun, but imagine taking a family trip to Honduras. With the implementation of the Family Camp we will be putting into motion something that has been a dream of many people for a long time.

Once the cabins are completed families will be able to stay together in their own small "duplex" type accommodations. Families for the first time will be able to stay together and not have to worry about disturbing others.

Programming will be geared for different ages. During the afternoon camp sessions parents will have time to go to sessions that deal with marriages and family life, they will have time to be a couple and enjoy some fun in the sun all while their children go to age appropriate activities. After dinner everyone will join together for worship and singing and more family games!
