## Why go to Honduras to camp?

Our Family and Youth Camps provide a fantastic opportunity to young people through a dynamic Missions/Camp Experience. Whether with a youth group, or their own families, our camps give children a unique opportunity to encounter Christ as they receive insight into how He works with people in other cultures.

Visitors to the camp program will be given an opportunity to join with others (Honduran & American) on a work project in the morning combined with the fun and excitement of the camp in the afternoon and evening. Swimming, devotions, ropes courses, building projects, worship services, cross-cultural opportunities, games and more all rolled up into a fun-filled spiritual adventure!
